

What is Podiatry?

Podiatry is the specialist care of foot and lower limb conditions which can impact on someone's overall health.

What do we provide ?

East Ayrshire NHS Podiatry provides a specialist service for the people of East Ayrshire to assess and treat foot problems.

We prioritise the care of foot wounds and ingrown toenails with bacterial infection to help maximise patients' health, well-being and mobility.

We work with Nurses, Doctors and Surgeons as part of multidisciplinary teams in order to take the best care of the people of East Ayrshire.

What we don't provide in the NHS but can signpost to other services for?

Nail cutting.
Fungal toenails.
Thickened or curved nails.
Routine corns and hard skin.
Verrucae.

To contact the Podiatry Services

East Ayrshire Telephone No: 01563 554222

North Ayrshire Telephone No: 01294 400616

South Ayrshire Telephone No: 01563 826361

Musculoskeletal (MSK) Podiatry is provided by the NHS Ayrshire & Arran MSK Service. You can be referred there by your GP or other health professional.
